ASSEMBLY INSTRUCTIONS

360°

360 DEGREE SWIVEL HUNTING CHAIR

CHAIR ITEMS AND HARDWARE INCLUDED:

[4] 1” long carriage bolts

[4] Hex nuts

[1] Upper chair section

[1] Lower chair leg section with carrying shoulder strap

FOLDS TO GROUND LEVEL CHAIR

Upper chair section

Lower chair leg section with carrying shoulder strap

1” long carriage bolts and hex nuts
Attach the upper chair section to the lower chair legs using the four 1" long carriage bolts and four hex nuts supplied.

Tools Needed: 10mm open end wrench

Line up the pre-drilled holes in the upper chair with the pre-drilled holes in the lower chair leg section. Place the four 1" long carriage bolts through the four pre-drilled holes.

Hand fasten hex nuts to the 1" long carriage bolts.

Tighten hex nuts with 10mm wrench until the upper chair section and the lower chair leg section are secure and tight.
